

NOTICE TO MARINERS 6TH NOVEMBER 2015

2015/16 CYCLONE HOLES

VERSION 2 – FINAL

Once again Fiji is into the Cyclone Season and we need to all be getting prepared for the eventuality of a Cyclone hitting our shores. As a reminder, if a Cyclone warning comes into force Port Denarau Marina management will monitor the situation and keep you all informed of the development. Should a cyclone be imminent **ALL OPERATORS MUST REMOVE THEIR VESSELS FROM THE MARINA**. Any operators who leave their vessels on the dock will be liable for all and any damage caused to Port Denarau Marina property – no exceptions. Port Denarau Marina Ltd reserves the right to move vessels at the owners risk and cost.

Below is the preliminary listing of vessel cyclone holes as advised to Port Denarau Marina. In this situation we must all work together to ensure that all life and property is preserved.

Thank you in advance for your cooperation.
